BEMUSHROOMED

NATURE IS A MOST MYSTERIOUS ASPECT OF LIFE. YES, I DO BELIEVE IN THE SUPER-NATURAL, BUT IT'S NATURAL AND NOT TO BE SCARED OF. OUR ORIGIN REMAINS A PUZZLE TO MOST, BUT IT HAS NOW COME OUT IN THE OPEN. I SUGGEST ANYONE TO ATTEMPT A DEBATE THE FACT THAT US MONKEYS MUSHROOMED INTO MANKIND. WE ARE A PART OF EARTH AND THE UNIVERSE JUST AS ALL LIFE. ALTHOUGH SOME MODERN DAY MONKEYS ARE IN DENIAL OF BEING CLOSELY RELATED TO MONKEYS, OR AMEOBA, OR EVEN WATER AND AIR. THE MIND MUST OPEN UP TO REVEAL THE VOIDS OF INNER AND OUTER SPACE AS CORRELATING ELEMENTS DEPENDENT ON EACH OTHER FOR MIRACLES. YES, IT IS TRUE THAT THE UNIVERSE COULD EXIST WITHOUT US BECAUSE WE ARE NOT THE UNIVERSE. ALL GALAXIES, STARS, AND PLANETS ARE SUPPORT SYSTEMS CARRYING OUT THEIR OWN INDIVIDUAL LIVES. THIS IS WHY WE MUST EVOLVE FURTHER, AND CONNECT WITH EXTRA-TERRESTRIAL LIFE-THIS IS RE-EVOLUTION. WE'RE WAITING FOR ALIENS, THEY'RE WAITING FOR US. YET THEY HAVE BEEN WITH US FROM OUR BRAINS BIRTH CONNECTING, PUSHING OPEN DOORS, AND LETTING LOOSE THE LANGUAGE OF THE UNIVERSE - KNOWN AS LOGOS. WE ARE BORN EQUAL, BUT WE ALL GROW APART. WE ARE ALL THE SAME AS BEING HUMAN, AND IN CONNECTION WITH NATURES OVERMIND.

LEARY LIVES ON

CYBER:
The word CYBER comes from the Greek *kubernetes*, pilot. The Heisenberg principle demonstrated that the observer determines (i.e. defines) the realities SHe confronts by the nature of the observational technologies and the maps/models used for interpretation.

THE CYBER—PERSON:
Is the individual who understands the Heisenberg principle and accepts responsibility for the realities SHe defines and inhabits. This general principle of Self-Determination has been described for millenia by Hindu-Buddhist-Gnostic-Sufi philosphers. Creative people, writers, artists, poets, dramatists, inventors, innovators, shamans, intelligent magicians have, throughout the centuries, understood this principle. They have used it to fabricate the glories of human culture and science. However, the ability of CYBER—PERSONS to create realities has been limited to symbols, icons, myths, scripts, artistic and philosophic expressions. The Information structures we call art. Until recently human ability to describe quantum realities could not extend to the material plane because of techno-quantum ignorance. During the Pre-Industrial humans, from philosophers to sultans to serfs, were helpless victims of techno-myopia. The Industrial era tremendously advanced human ability to manage material reality, on the collective scale. It was only in the Roaring 20th century that humans discovered that the universe is an Info-Structure to be explored and managed by Intelligence, i.e., Cyber-Quantum proficiency to think and build with clusters of digitized thoughts.

CYBER—QUANTUM PSYCHOLOGY:
The individual accesses and pilots electronic knowledge technology for hir own personal purposes. The traditional eight attitudes of philosophy can now be re-defined in terms of CYBER—QUANTUM PSYCHOLOGY.

AT THE PRESENT MOMENT IN TIME WE NEED THE MUSHROOMS MORE THAN EVER. REASON BEING THAT UNLESS WE RAISE OUR CONSCIOUSNESS, AND BECOME AWARE OF OUR CURRENT PREDICAMENTS HUMANITY WILL BECOME EXTINCT. THE MUSHROOM SPEAKS FOR ALL LIFE REMINDING US THAT WE ARE KILLING OURSELVES. WE MUST NOW BE ONE WITH NATURE.

The laws of nature cause mushrooms to pop up in patures, forests, and grasslands across the globe. Current State Laws are not in favor of nature, but we must activate our minds to tear down the wall brick by brick...Every mind aware of Evolution Reality Revolutions is a brick from the wall. The boundaries between us and (REAL)ity are as intricate as walls of Millions of cells.

Imprisoned within the wall are minds. The brain without any higher stimulation becomes a prison in itself.

PSYCHEDELICS ARE THE BIGGEST THREAT TO THE PRISON SYSTEM.

THOUSANDS OF HUMANS ACCROSS THE GLOBE CONSCIOUSLY CONSUME THE MAGICAL MUSHROOM. AFTER A FEW MELLENIA WE HAVE NEVER DIED OR POORLY MUTATED FROM PSYCHEDELIC PLANTS. THE MUSHROOM IS DEFINITELY RESURFACING AMONG MINDS. WE HAVE ALSO GAINED DATA TO ANSWER ALMOST ANY QUESTION REGARDING USAGE, EFFECTS, AND HISTORY. MOTHER MUSHROOM WILL RAISE US.

The present moment in time we need the mushrooms more than ever. Reason being that unless we raise our consciousness, and become aware of our current predicaments humanity will become extinct. The mushroom speaks for all life reminding us that we are killing ourselves. We must now be one with nature.

Thousands of humans accross the globe consciously consume the magical mushroom. After a few mellenia we have never died or poorly mutated from psychedelic plants. The mushroom is definitely resurfacing among minds. We have also gained data to answer almost any question regarding usage, effects, and history.

Mother mushroom will raise us.

The laws of nature cause mushrooms to pop up in patures, forests, and grasslands across the globe. Current State Laws are not in favor of nature, but we must activate our minds to tear down the wall brick by brick...Every mind aware of Evolution Reality Revolutions is a brick from the wall. THIS IS THE MISSING LINK SOCIETY IS SO CONFUSED ABOUT. PEOPLE DON'T RELATE TO ANTHROPOLOGIC ANSWERS TO EVOLUTIONARY STAGES, AND MORE SO ABOUT NEUROLOGICAL LEVELS. WE MUST FACE THIS TRUTH AND NOT SUBJECT OUR PRE-HISTORY TO DEATH BY CENSORSHIP. WE MUST BE OPEN ABOUT THIS ISSUE. IT WAS THE BEGINNING OF OUR HIGHER MIND, AND THIS IS THE CONSCIOUS ANSWER TO THE PREVENTION OF THE END.
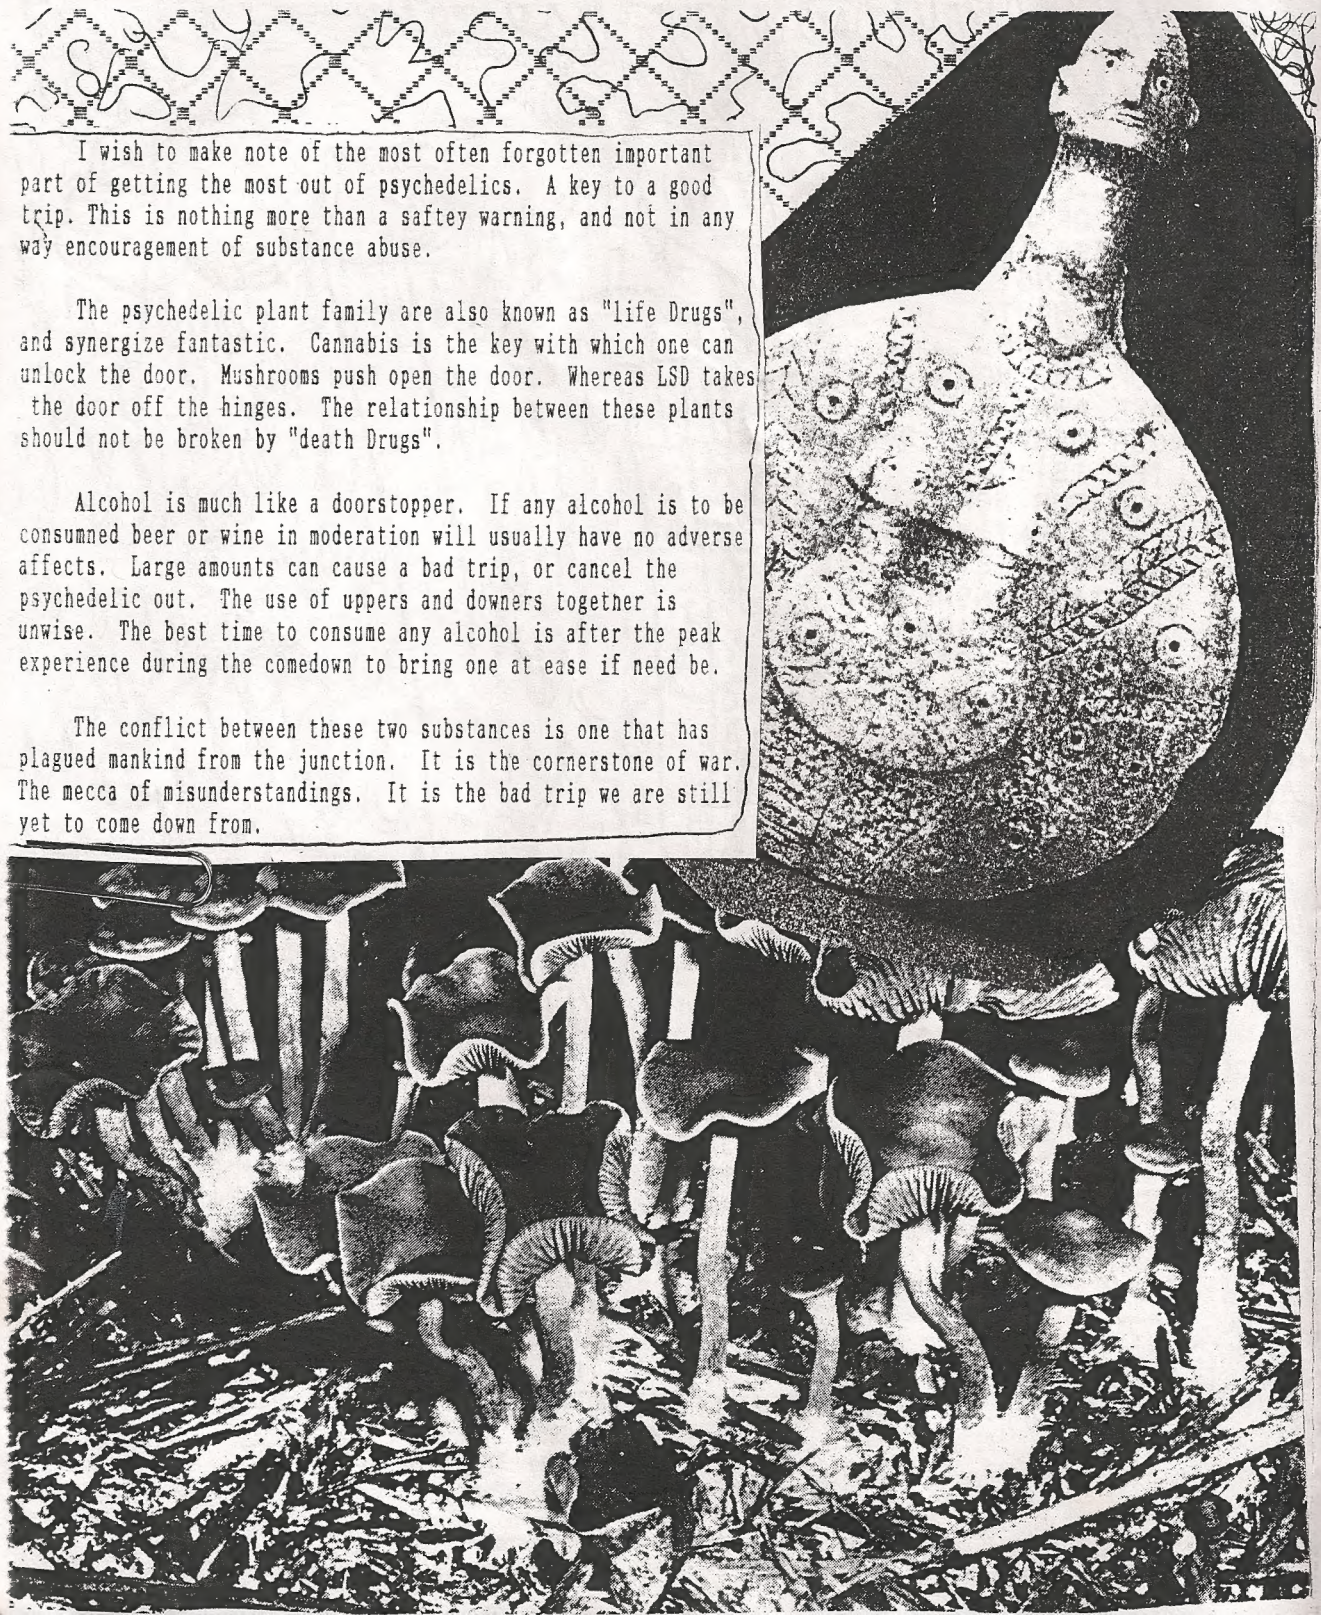
US HUMAN BEINGS ARE THE ONLY CONSCIOUS ANIMAL THAT HAS BEEN SYNERGIZING WITH MIND EXPANSIVE MUSHROOMS FOR THE LAST THREE MILLION YEARS. IN THE GRASSLANDS OF PREHISTORIC "AFRICA" WILD CATTLE GRAZED, AND ADDED MANURE TO THE ENVIRONMENT TO BRING THE MUSHROOMS TO LIFE. THE PROTOHUMANS EXPERIMENTING WITH FOOD SOURCES ATE THE MOTHER MUSHROOM, AND GAVE BIRTH TO THE HIGHER MIND.

I wish to make note of the most often forgotten important part of getting the most out of psychedelics. A key to a good trip. This is nothing more than a saftey warning, and not in any way encouragement of substance abuse.

The psychedelic plant family are also known as "life Drugs", and synergize fantastic. Cannabis is the key with which one can unlock the door. Mushrooms push open the door. Whereas LSD takes the door off the hinges. The relationship between these plants should not be broken by "death Drugs".

Alcohol is much like a doorstopper. If any alcohol is to be consumned beer or wine in moderation will usually have no adverse affects. Large amounts can cause a bad trip, or cancel the psychedelic out. The use of uppers and downers togethner is unwise. The best time to consume any alcohol is after the peak experience during the comedown to bring one at ease if need be.

The conflict between these two substances is one that has plagued mankind from the junction. It is the cornerstone of war. The mecca of misunderstandings. It is the bad trip we are still yet to come down from.

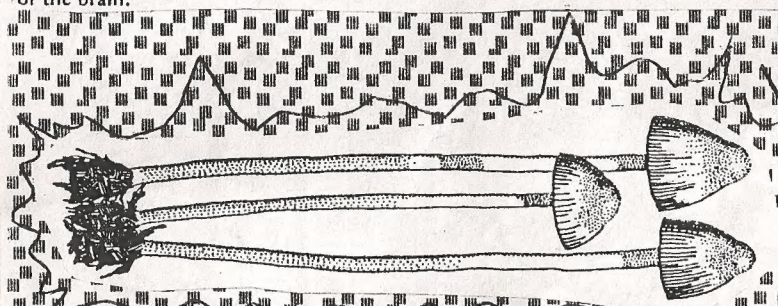


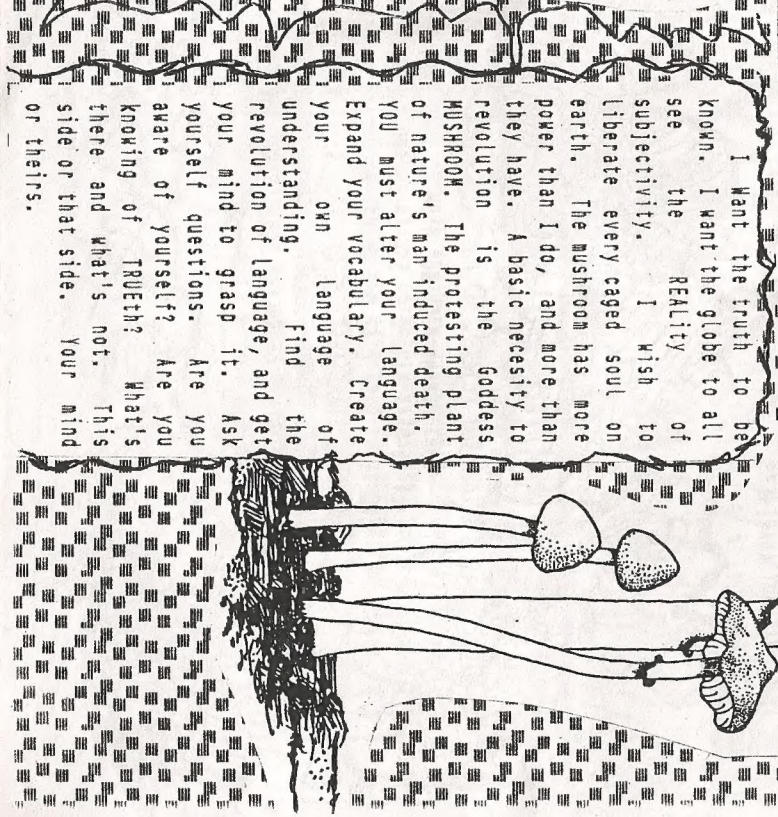
// Circuit 6 is activated by neuro-electric drugs. Certain organic chemicals derived from ergot, cactus, mushrooms allow the nervous system to become aware of its role as transceiver of physical energy. We must be precise about the chain of causation. The drugs do not stimulate the neuro-electric activity. The brain is a bio-electric network and has been transceiving these signals for two billion years. The drugs apparently dissolve synaptic barriers which prevent the larval mind from being aware of the molecular transactions and bio-electric signals which are the moment-to-moment commerce of the brain.

Leary's

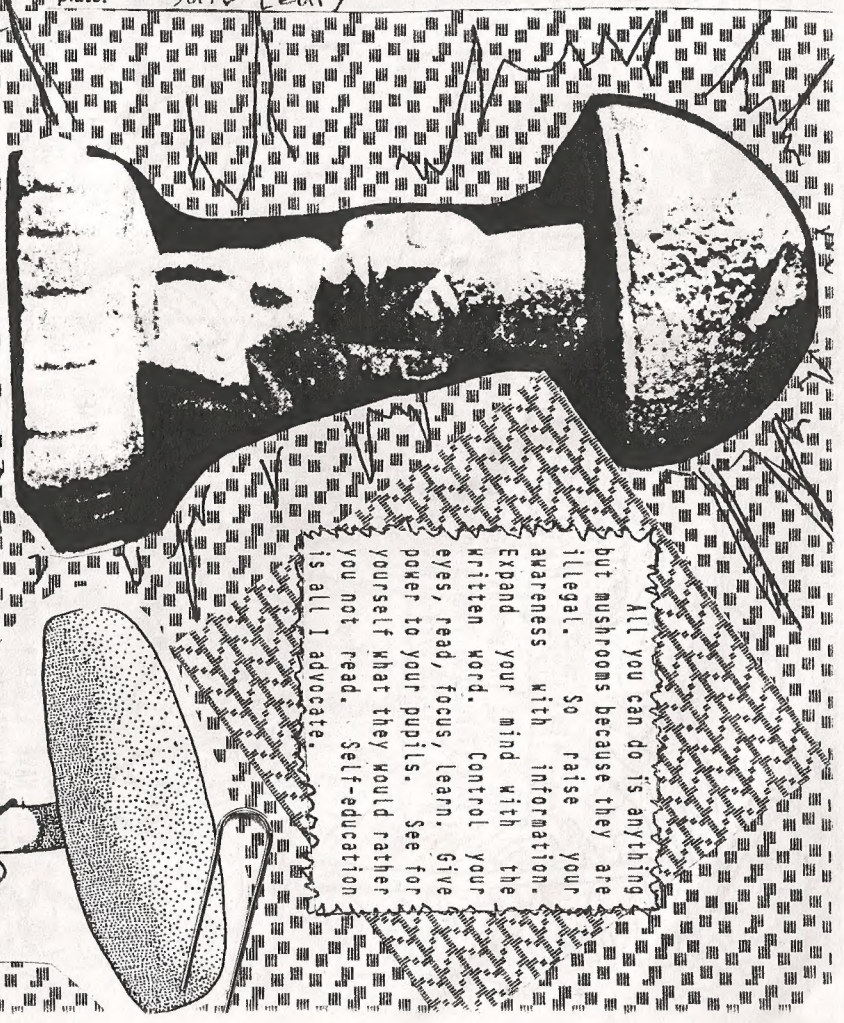
The myriad somatic and physiological events made conscious when the neu somatic circuit is opened up were ongoing since birth. Neurosomatic chemicals sim lower the synaptic gates which keep the Third Circuit symbolic mind from being aw of the involuntary activity.

At Stage 16 the post-larval human becomes aware of the bio-electric nature brain activity. It is like removing the panels which protect the computer and expos the detailed operation of the circuitry—a revelation which would be distracting to t pilot flying the computer-controlled plane. The pilot simply wants the directional re out; and the larval does not want to know that his dinner is made up of atoms whi are themselves tiny particles whirling through space. He wants solid meat on a so plate. tr said Leary

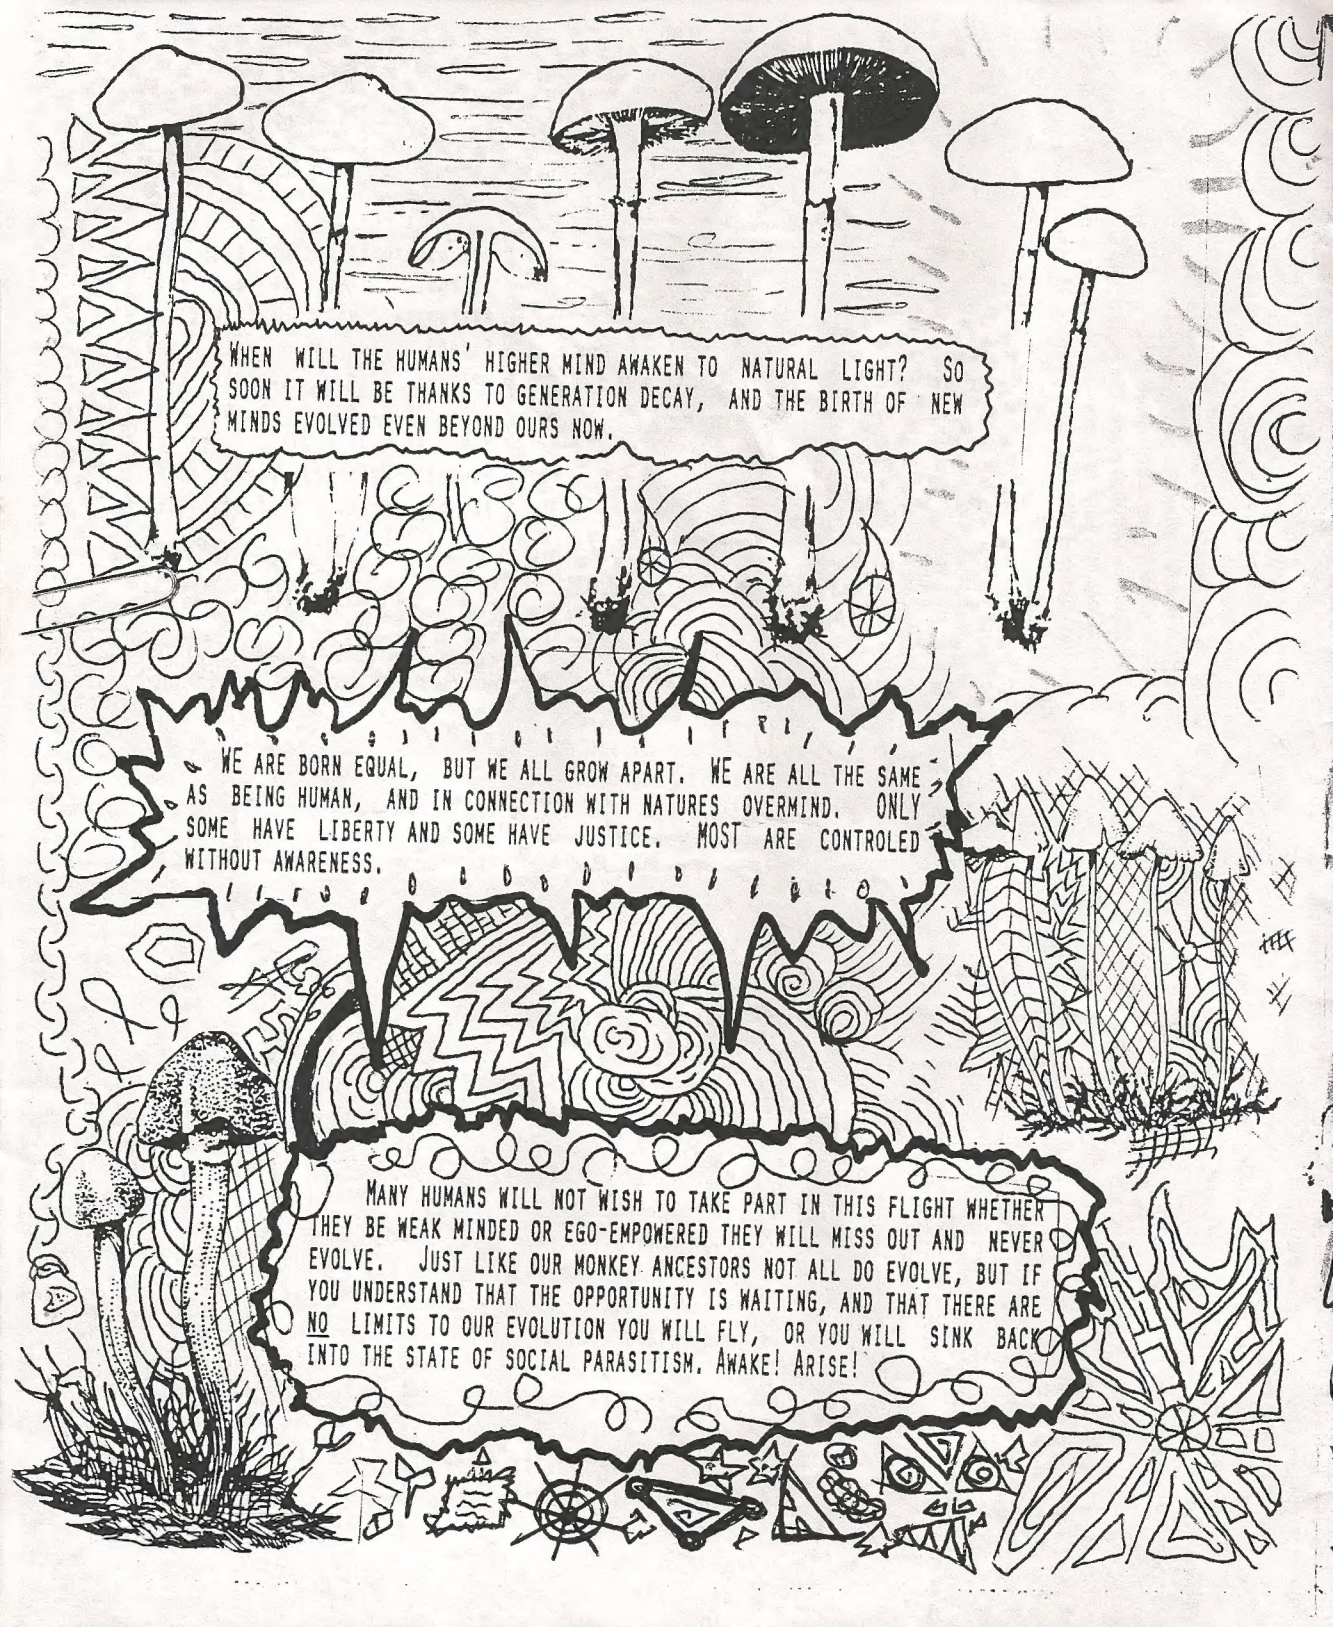




I Want the truth to be known. I want the globe to all see the REALity of subjectivity. I wish to liberate every caged soul on earth. The mushroom has more power than I do, and more than they have. A basic necesity to revolution is the Goddess MUSHROOM. The protesting plant of nature's man induced death. YOU must alter your language. Expand your vocabulary. Create your own language of understanding. Find revolution of language, and get your mind to grasp it. Ask yourself questions. Are you aware of yourself? Are you knowing of TRUEth? What's there and what's not. This side or that side. Your mind or theirs.



All you can do is anything but mushrooms because they are illegal. So raise your awareness with information. Expand your mind with the written word. Control your eyes, read, focus, learn. Give power to your pupils. See for yourself what they would rather you not read. Self-education is all I advocate.



WHEN WILL THE HUMANS' HIGHER MIND AWAKEN TO NATURAL LIGHT? SO SOON IT WILL BE THANKS TO GENERATION DECAY, AND THE BIRTH OF NEW MINDS EVOLVED EVEN BEYOND OURS NOW.
WE ARE BORN EQUAL, BUT WE ALL GROW APART. WE ARE ALL THE SAME AS BEING HUMAN, AND IN CONNECTION WITH NATURES OVERMIND. ONLY SOME HAVE LIBERTY AND SOME HAVE JUSTICE. MOST ARE CONTROLED WITHOUT AWARENESS.
MANY HUMANS WILL NOT WISH TO TAKE PART IN THIS FLIGHT WHETHER THEY BE WEAK MINDED OR EGO-EMPOWERED THEY WILL MISS OUT AND NEVER EVOLVE. JUST LIKE OUR MONKEY ANCESTORS NOT ALL DO EVOLVE, BUT IF YOU UNDERSTAND THAT THE OPPORTUNITY IS WAITING, AND THAT THERE ARE NO LIMITS TO OUR EVOLUTION YOU WILL FLY, OR YOU WILL SINK BACK INTO THE STATE OF SOCIAL PARASITISM. AWAKE! ARISE!

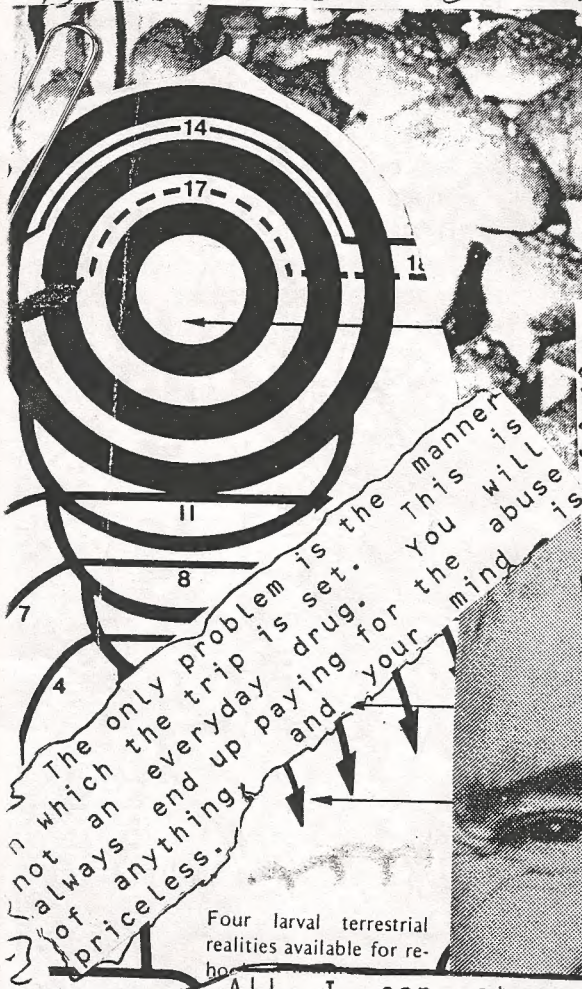
Jesus was a tripper.

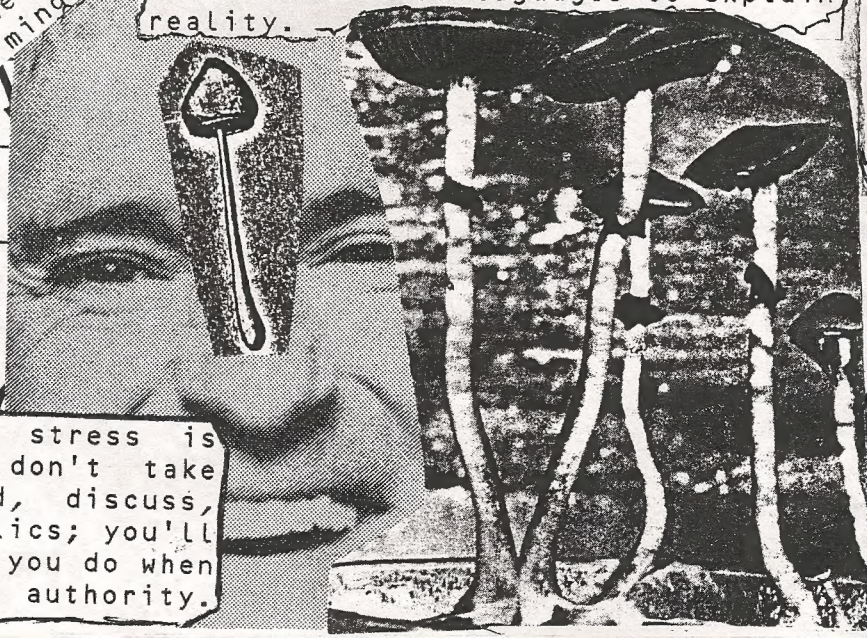
My experience actually reflects the fact that everything taught to us about psychedelics is wrong. The media has blown the dangers out of proportion. Schools stress vague warning symbols, that are picked up by users for slang. The most common word to describe the psychedelic experience today is "Frying". I find this to be ironic because it sets up the worst idea of what the experiece is really like.



The only problem is the manner in which the trip is set. This is not an everyday drug. You will always end up paying for the abuse of anything, and your mind is priceless.

Four larval terrestrial realities available for re-ho

The reality of my experience is evolution. I am a full blown witness to expanded, highly evolved, conscious transending thought. The only proof I have of my evolution is in fact my language. REALITY IS LANGUAGE. The brain formulates laguages to explain reality.



All I can stress is lf-education. If you don't take y time to think, read, discuss, d learn about psychedelics; you'll se your mind, just as you do when u fail to question authority.

The purpose of this literature is to educate the ignorant. The most logical way to open minds is with the written word, And that is why I chose to write this. If I were to wander about advocating mushroom use without information no positive change would result.

I wrote this for anyone on the planet who still does not know of mushroom history. I suggest reading books by any psychedelic pioneers of the 60's such as Timothy Leary. At the present moment the most outspoken voice for psychedelic mushrooms is Terence McKenna, and his literature is the most profound. McKenna will blow your mind with written word. Libraries also have some information, but you'll have to search. Surf the internet if you can, and become enveloped in a wave of esoteric truth.

Such an intense amount of information is surfacing this present age that I think my pamphlet is not needed. Although I have made it because I wake up to an ignorant society everyday. I have a vision I want to share that nature has shared with me. Hopefully this will get through to some minds and spark the flame of RE- EVOLUTION.
